Description

Zijlmans Jachtbouw BV Triqual 65 (2002 Model / Commissioned 2006) Twin Deutz DT67 Diesel Engines (231Hp Each) Moore Yachts are delighted and privileged to offer for sale this rare and well-appointed example of the Triqual 65 Motor Yacht. Built in Steel in 2002 and commissioned in 2006 with a major overhaul and upgrade in 2013/14. This Motor Yacht is built to a very high standard being of Dutch origin from a well-established yard and you could mistake her quality for that of a much larger superyacht. "Big Bird" offers a generous layout providing spacious accommodation for 6 guests in 3 cabins with two heads. This example of the Triqual 65 is an excellent opportunity to purchase a well built and substantial boat that can be enjoyed for a multitude of uses both commercially and privately. Currently enjoying a successful career in static boutique accommodation in between her owners use, she would also be ideally suited for use as a holiday home, charter boat or an extremely capable long-range cruising yacht. "Big Bird" was previously MCA Category Two coded (60 miles from safe haven) for commercial use which could easily be re-instated if required by her new owners. Viewing of this Luxury Motor Yacht is highly recommended to appreciate the quality, space and diverse opportunities available to any prospective purchaser! Unfortunately, pictures and words just don't do this vessel justice and we would strongly recommend contacting us now to arrange a viewing and to discuss this unique and well-priced opportunity in more detail before it's too late.....

Layout / Interior

The Triqual 65 offers accommodation for Six guests spread between three cabins and two bathrooms. On the lower level the master double cabin is located forward with ensuite heads, the well-equipped galley is located to port with the dining area to starboard and these areas enjoy a light and spacious feel thanks to the galleried area forward of the helm on the main level allowing plenty of natural light from the main windshield. The lower companionway provides access to the Guest VIP double cabin on the starboard side and the twin guest cabin with the spacious bathroom aft is to the port side. A useful and well considered laundry room is on this level aft of the Guest VIP Cabin on the starboard side and the large and well laid out engine room is aft. The main level comprises of a spacious saloon area with the main helm being located forward but set back slightly from the windshield to allow the natural light to flow to the lower areas. The main helm seat is centralised just behind the helm and there is a double passenger seat located on the starboard side forward of the main saloon area. The saloon seating is to port with bar area and storage cupboards to starboard which also house the rise and fall LED TV. Patio doors aft lead out to the spacious cockpit which is nicely shaded by the flybridge overhang and there is a centralised seating and cockpit table. Transom doors both sides of the seating area lead out to steps down to the bathing platform and external access to the engine room. Wide side decks lead to foredeck area and there is a stairway on the starboard side of the aft cockpit that leads to the flybridge area. The flybridge has a centralised helm forward and plenty of seating for guests.

Specification

Interior Colours:

Finished mainly in a classic and timeless wooden carpentry throughout and contrasting cabinets finished in a cream colour with anthracite quartz worktops in the saloon. The upholstery in the saloon is finished in cream leather while all roof, side linings and window bands are finished in a rich vinyl to perfectly compliment the seating and wood feature finishes. The saloon and living areas are finished with cream luxury carpets throughout. The galley and dining area are finished with a wooden floor and the seating in the dining area is finished in blue leather. The galley worktops and head vanity tops are finished in marble to compliment the style of each room and each cabin has a slightly different theme due to the well-considered selection of fabrics used for the bedding, scatter cushions and curtains. All sockets, switches and light fitting surrounds are finished in a contemporary finish.

Cockpit Colours:

The helm seats and flybridge seating cushions are finished in champagne vinyl upholstery. The aft cockpit benefits from a good quality teak floor along with the transom steps, bathing platform, sidedecks and flybridge. The aft cockpit seating is finished in a contrasting vinyl and the cockpit table has a rich varnish finish and is removable.
