ORIGINAL MANUFACTURERS DESCRIPTION:

Does the perfect boat exist? Probably not. And yet we at CRANCHI are constantly pursuing that goal, because we know that our commitment gives us a good chance to succeed in this hard mission. This is the story of the search for perfection, which has made this CRANCHI model legendary. Research that is sometimes exaggerated and obsessing, but that culminates in the great ideas used for the Mediteranee line. On board, space without limits. Comfortable, safe and highly advanced from a technological viewpoint, the CRANCHI Master Yachts display modern, elegant lines, but with strong references to tradition. Sufficiently luxurious without being excessive, they know how to emit the classic magnetism of what has been well designed and even better produced. High performance levels, an excellent sea holding, good cruising speeds and limited consumption make them the ideal companions for an unforgettable seagoing experience.
