Description

Cobra RIBS Nautique 9.7 (2023 Model Year) Twin Mercury Marine Verado V10 Petrol Engines (350Hp Each). Moore Yachts are extremely proud and honoured to introduce this 2023 Cobra Nautique 9.7m RIB with the hugely desirable twin Mercury V10-350Hp outboard engines! Probably the highest specification Cobra Nautique 9.7m available worldwide. This exceptional vessel is new to the market and in excellent condition with low running hours. As the ultimate fast RIB, it offers a significant saving on new and is available immediately, this boat is an absolute bargain and must be seen to appreciate the look, feel and quality. Perfect for use as a swift family runaround or a Superyacht tender. This vessel is a rare opportunity, please contact Moore Yachts to discuss this fine Cobra RIB in more detail from a well-established and experienced Yacht Brokerage that are proud members of ABYA and have 30 years of experience in dealing with the complexities of purchasing this type of vessel in an international market.... Why not get in contact today to take advantage before it's too late..... you know you want to!

Layout / Interior

The Cobra RIBS Nautique 9.7 accommodates up to 14 passengers under her CE Category B marking, ideally suited to 8/10 Guests. Her open plan layout is well designed with Twin Helm seats incorporating flip up bolsters, a large U shaped seating area at the transom with twin bench seats behind the helm and a single lounge seat in front of the centre console. The bow section has neat cushioning perfect for extra seating or sunbathing when the additional infill cushions are installed. Aft behind the U-shaped seating is another sun pad giving you the flexibility to enjoy the sun at both ends of the vessel. Inside the large centre console is the upgraded head option with electric sea toilet, stainless steel sink and fresh water, this area is also an ideal storage area to keep all your bags and equipment for a day out on the water and keep all your belongings safe and dry. The open plan layout is generous for her size and walking around the boat is a comfortable and safe experience. The Bulwarks are finished to a sensible height, and this makes the vessel feel secure. The Cobra RIBS Nautique 9.7 benefits from a well-designed custom carbon fibre table that is perfect for entertaining around and when not in use the table folds neatly into the aft locker on a clever stainless-steel base that is engineered to keep the table safe and secure. In addition, this example of the Cobra RIBS Nautique 9.7 has a custom black stainless steel hard top with GRP roof in black and a stainless-steel ski pole at the transom to aid the enjoyment of water sports from this powerful and elegant luxury RIB.

COCKPIT COLOURS:

The cockpit is finished in a stylish dark grey luxury upholstery which has the feeling of a premium supercar interior due to the design of the diamond stitching and embossed look. The cockpit comings are light grey GRP with the Orca Hypalon tubes finished in black with a carbon weave effect to give the added feel of luxury, additionally there are some black feature panels to give that extra detail and match in with the branding on board. The Centre console benefits from a well-designed and ergonomic Carbon Fibre feature panel running through the centre where all the instrumentation is located, the remainder of the console is finished in a light grey gelcoat to match the rest of the boat. The colourings of the finishes and

upholstery complement each other well giving a stylish and luxury look with the feeling of a well-made and engineered boat. The cockpit floor benefits from an optional upgraded synthetic black teak finish to add to the luxury feel. The overall cover is finished in an upgraded lightweight black waterproof material.

Specification

This vessel is available immediately and is stored ashore in Poole, United Kingdom. The boat is ready to be enjoyed for the coming season and viewing is highly recommended to take advantage of this unique and stunning high-performance RIB.

PRESS REVIEW:

Powerboat & RIB Magazine:

"This is a very capable boat built by a British company with a lot of experience in big luxury RIBs. Distinctively Cobra at a glance, the format has deviated little with time, which is no bad thing. However, subtle contemporary changes, and the advent of Mercury's impressive range of V8 and V10 engines, have put this boat at the forefront of its class"
